

LOUISIANA IN THE FIELD.
There are not to be found anywhere a more resolute, zealous, and patriotic set of FREEMEN than the Whigs of gallant Louisiana. They have conquered—and will conquer again. The State is safe for HENRY CLAY. Mark our declaration!

Tee New Orleans Bee of the 9th instant, brings us the full proceedings of the great Whig Convention at Baton Rouge which assembled the 7th instant. New Orleans alone sent up, in five steamboats, TEN HUNDRED AND NINETY-FIVE delegates, and the parish of Jefferson TWO HUNDRED AND FORTY! We have no space for a twentieth part of the Bee's eloquent and glowing description of the doings of that great day. It says the multitude could not be computed at less than TWELVE THOUSAND SOULS, including twelve to fifteen hundred ladies. Gen. PHILEMON THOMAS, of East Baton Rouge, was made President of the Convention, assisted by nineteen Vice Presidents and three Secretaries. Eloquent and able speeches were made by Col. A. L. BINGHAM and Wm. YERGER, Esq., of Mississippi, RANDALL HUNT and ETIENNE MAUREAU, Esqs., of New Orleans, Judge NICHOLS, and others. Resolutions were passed of a patriotic nature—a PRIZE BANNER was presented by the ladies—and letters were read from Judge B. F. PORTER, of Tuscaloosa, and SARGENT S. PRENTISS and SAMUEL A. CARTWRIGHT, Esqs., of Mississippi. The last named gentleman has been until recently a distinguished leader of the Locofoco party. But he can stand their humbuggery no longer, and is henceforth a Whig. We can only find room for the following from the Bee's description:

"In the large and densely populated confederacies, whole districts and sections of States have occasionally come together, and mass conventions have now and then been held, embracing a third, or even one half, of the entire whig vote of a State. But it has been reserved for Louisiana, for our own REGENERATED and WHIG LOUISIANA, to exhibit the sublime spectacle of a convention, absolutely comprising a larger number of whigs than the aggregate of whig votes cast at the Presidential election of 1840.

"When the extreme distance from the various extremities of the State is recollected; when we bear in mind the difficulties of water communication, amid a comparatively sparse population, with a country, not dotted, as in the North, with large and flourishing towns, but only displaying, here and there, at remote intervals, a few scattered villages and hamlets, it will be universally admitted, that the Whig Mass Convention at Baton Rouge, on the 7th October, eclipsed in splendor, magnificence, imposing array, and every attribute of grandeur, any public assemblage ever convened in the valley of the Mississippi, and was only exceeded, numerically, by the mammoth gathering at Nashville. Such an outpouring of the masses—such an overwhelming multitude of gallant, ardent and enthusiastic whigs, it has never before been our good fortune to encounter. The demonstration made by the locofocos the week preceding, was utterly overshadowed and thrown into obscurity and insignificance by this tremendous gathering.

"The moral effect of the Convention will be most auspicious. All doubt, dismay, or apprehension are already given to the winds. The few locofocos who witnessed the spectacle were utterly astounded and appalled, and we doubt not that but for the desperation which prompts them to make a final effort, they would surrender the State, without scarcely striking a blow."

It is stated that infamous handbills in the German language containing the basest falsehoods in regard to Mr. CLAY, were distributed in Ohio before the late election.

Charles H. Haswell, Chief Engineer, has been promoted to the office of Engineer-in-Chief of the Navy, vice G. L. Thompson, removed.

A fire broke out in Springfield, Mass., on Sunday morning last, which consumed property to the amount of \$20,000 or \$30,000.

SANDS'S SARSAPARILLA.—When the appetite has failed and the digestive powers have become partially paralyzed from dissipation or other causes, the dyspeptic resorts to various stimulants in the hope of restoring by artificial means the vitality of the digestive apparatus. But the expedients only speed exhausted nature to a momentary exertion. The relaxation which succeeds is worse than the original torpor; and depression of spirits, hypochondria, and sometimes even worse results ensue. The only proper course is to cleanse and purify the elements of the blood, by means of some medicine, which will act directly upon the machinery which prepares and assimilates them. Practical experience has established the fact that Sands's Sarsaparilla is that medicine. It restores to the stomach its tone; to the digestive apparatus its vigor, and to the blood its healthful character, by expelling the very seeds of disease.

Prepared and sold, wholesale and retail, by A. B. & D. SANDS, Wholesale Druggists, 79 Fulton st., New York. Price \$1 per bottle; 6 bottles for \$5.

FISH & Co.'s, Brown's Hotel.—Having made large accessions to our stock during the past week, we are now enabled to offer a full assortment of Hats, of very superior manufacture. We would call the attention of gentlemen to the fact that the autumn style, as sold by us, is identical with the new Parisian model, now so highly popular in the city of New York, and is totally different from any offered in this market. We would apprise those gentlemen whom we have recently disappointed, in consequence of a deficiency of certain sized Hats, that we can now supply them.

CLIREHUGH'S TRICOPHEROUS, OR MEDICATED COMPOUND, FOR THE CURE OF BALDNESS AND GRAY HAIR.
THE TRICOPHEROUS, or Medicated Compound is now acknowledged by thousands, who use it daily, to be the only remedy to prevent Baldness, and to restore the hair that has fallen off or become thin; to prevent Gray Hair; to cure and remove every appearance of Scurf and Dandruff from the hair, and to keep it in this most healthy, soft, and glossy state.

BALDNESS.
Gentlemen whose hair has become thin, or fallen off from natural decay, the effects of fever, or other disease, or what may be termed constitutional predisposition to baldness, will by the use of this compound have their hair entirely restored. If faithfully and regularly applied when the hair first shows symptoms of decay, or after it has fallen off—no matter from what cause, he confidently assures both ladies and gentlemen, that the hair will never be lost, but will be restored to its natural healthy vigor.

GRAY HAIR.
At all ages the appearance of gray hair indicates a relaxed state of the nerves and blood vessels connected with the root. Numerous causes tend to influence the change of color—such as study, fight, fevers, long sickness, head aches, too great devotion to business, or the very common practice of wearing the hat within doors.—The progress of gray hair at all periods of life may, if attended to, be prevented, and those hairs that have prematurely changed may be again restored to their original color. To effect this end, it is recommended that at all times and seasons the head be kept cool, the hair cut rather short, the free use of the hair brush, evening and morning, and the application of this compound every evening for a short time will increase the activity of the skin, promote the circulation, and restore the nerves, blood vessels, &c. to their healthy action. Persevere in this course, and the result is certain.

SCURF AND DANDRUFF.
This compound is strongly recommended to keep the head entirely free of all Scurf and Dandruff. Nothing is more injurious to the growth or beauty of the hair, or to a healthy state of the skin. In all cases where the head is subject to it, or where it may have accumulated in the hair, one application will readily remove all appearance of it, and its occasional use will keep the hair clean, soft and glossy.

For sale by J. H. GIBBS, at his Fancy Store, opposite the Centre Market, and Dressing Room, National Hotel.

I have now on hand the largest and handsomest assortment of Fashionable Clothing ever offered in this city, which I will sell for cash, at 5 per cent profit. The goods having been all bought for cash, in New York, at great sacrifices, enables me to offer them at such low prices as scarcely to be credited without examining for yourselves. I am selling Coats and Pants for about the same price you would have to pay for the cloth at retail, by which means you will save the making.

Also, a large and handsome assortment of Gentlemen's articles, viz: Shirts, Bosoms, Collars, Suspenders, Scarfs, Stocks, Gloves, Socks, Caps, &c. &c.

Also, a large and handsome assortment of fine English and French Cloths and Cassimeres, Silk and Satin Vestings, rich Cut Silk Vestings, latest style.

With a good assortment of figures and plain Beaver and Pilot Cloths, for over coats, all of which I will make to order, for the same price as the clothing sold out of my store. The fit and the material warranted, with the best workmanship, and cut in the most fashionable style by the best cutters in the United States.
